Author Diane K Chamberlain's Bio

Author Diane K Chamberlain was raised in a small town in Michigan and was born with a congenital problem in both knees. She went through a series of twenty-one knee surgeries, as a means of correcting the problem but there was never really a cure. Little did she know; that God had "branded" her at birth, for such a moment as this. Many in this world grow up and go to school or college, to get their education but that's not what God had in store for Diane. Her education for writing; came from a heart that began to think deeply and connect with God, due to all the pain and heartache that she had been through. As each painful moment came and as each loving desire left; God was taking all the brokenness in her life and He was piecing it together; so she could have the heart He desired...a heart that could understand and care for others, who live in despair.

As of this year, Diane has reached out to many in need, for over 13 years and God continues to open new doors for her to walk through. Now she is serving God full-time, as she continues to reach out to many who live in despair, through her writings and words of encouragement. One thing that God has taught Diane over the years; is that no matter what we lose out on or experience in life; God will always be there to pick up the broken pieces and fill the empty voids in our lives. At the most difficult and heartbreaking moments of Diane's life; she came to see that God never abandons His own but rather, He exchanges the painful moments, for the true plan He has for each of our lives.

"Time Alone With God: A Devotional Study for Discovering Renewed Hope in God," is a book of devotions, that have been compiled into book form, so rather than reading a devotion every day, this book will become a personal Bible study, between the reader and God. This book will take the reader on a journey that will lead them away from despair and bring them to a place of renewed hope.

"Time Alone With God: A Devotional Study for Discovering Renewed Hope in God," has eight different sections, many chapters, and tidbits of hope throughout the book. The first section is dealing with an unsettled circumstance or the moment of adversity...the time when we feel the weakest. From there, we go into a section that helps us to understand, what can allow us to fall further into despair or what can lead us into other traps, set up by Satan and then we will do a study on Satan and the plan he has, for keeping us in despair.

As we come to the center of the book, we will study the things that will help us to view our trials in a different way, so we can see them through God's eyes, instead of our own. From there, we learn in section five, how we can weaken evil and as we enter section six, we begin to take a new turn, away from our despair and study the things that will bring us to a healing. Once we have discovered a healing through Jesus Christ, we will enter section seven and learn how we can continue to press on, with God's help, especially after overcoming a previous circumstance.

As we enter the final section of the book...section eight, we will study a renewed hope that can usher us into the presence of God. In this section, we will study the peace of God...the peace that can calm any new storm that may arise. Then we will study different forms of love that can bring renewed hope back into our lives and finally, we will view eternity, as the final step of our journey. In this chapter, we will study how important it is to remain close to God, especially during times of adversity and we will come to see, that each choice we make in life, can keep us doomed within our despair or our choice can be a means of God, eternally lifting us out of despair.

We do not always understand the reasons for these moments of adversity but one thing we do know; is that with God in our lives, there is a way out... a means of walking beyond a powerful circumstance, to find a greater God!

Diane has a very special and unique way of seeing God in everything around her. She sees Him in nature as well as her everyday experiences. Diane has been given a gift that is desperately needed in our world that we live in today. In this collection of her writings, it is definitely evident that she has a sincere, heart-felt desire to encourage, uplift and direct the reader to God. I find it truly amazing that someone who has endured a lifetime of pain and difficulty, as Diane has, can turn it all into a positive thing, step out of her own world and reach out to others with the encouragement that...'You Are Not Alone in a Lonely World'. "You Are Not Alone in a Lonely World by Diane K Chamberlain is a book everyone should read. This book is written from the author's heart as she pours out the many years she's dealt with surgery after surgery and the endless pain she continues to endure. Throughout her life she's often questioned God's Master Plan for her life. She now realizes she was put here on earth to write and be an encouragement to others who may be experiencing the same things she does or hurt of a different kind. You'll quickly notice that Mrs. Chamberlain is eager to give praise to God daily for all things in her life, though her physical pain is almost unbearable at times. This book is one everyone will enjoy and be able to relate to because we've all suffered pain and illness at some point in our own life.

"I suffer with chronic pain and I have been blessed to have found not only Diane K. Chamberlain's most recent book Words from the Heart: Treasured Moments Spent with God but have read all her books over and over again. The poems and words from Diane's book Words from the Heart have encouraged me to not give up and to look forward to another day even though that day may be filled with physical pain. Many of us that suffer from physical pain need to be encouraged because sometimes that pain affects us in other ways. We feel alone and rejected but I read a portion of Diane's book each day..."Words from the Heart: Treasured Moments Spent with God" and have read it over and over again. I am looking forward to the day that Diane will share with us another one of her heartfelt writings. So, I would not say to any of you that are reading this. It is a small investment to purchase this book on your kindle or even read it for free if you are a prime member. If you need someone to lift your spirits, then take a look at Diane's books. You won't be disappointed."

"Diane K Chamberlain's, Time Alone with God: A Devotional Study for Discovering Renewed Hope in God: is the book to read, if you are looking for a renewal in your faith in God, and have a desire to have a much closer relationship with God. What I really enjoyed was that she wrote this book by using examples of her own hurts, traumas, and pain. Then she showed us chapter by chapter how to rebuild that complete faith in God, and learn how to make Him number one in our lives, as she did. She also dedicated a part of the book on how to fight the evil ones attacks and how the closer we get to God; the harder he is going to attack us. That he will use our weaknesses and our emotions to make us doubt God. The thing I liked best about this book is that in every chapter, on every page whatever the topic is; Diane has a biblical verse to back it up. It is not just written from her thoughts; this book is written from the Word of God. She uses examples of people in the bible and how they conquered certain problems in their lives, and how God lead them through it by using the verses to show us in God's own words. This is not just a book or a devotional; this is a life bible study. By this I mean that whatever the problem, situation, or issue of topic was, Diane brought us to a verse that directly deals with that situation at hand. Reading this book is as if you were reading a devotional, a Bible study, and a book all in one. Actually, that is exactly what this book is. The way this book is written is genius. So many people buy three or four books on the same topic to get the guidance they are looking for. In Time Alone with God, you can get it all in one book. Reading this book gave me a lot of insights on my own personal relationship with God, and made it more clear to me why I am facing so many of the problems and issues that I am in my personal life. The book gave me a lot of hope, and showed me where to go and what verses to read on a daily basis to get me through my own issues I am dealing with right now. But the main thing it did was opened my eyes to just how mighty and powerful our Lord is, and just how much He loves you and me. I would suggest this book to all Christians, including new Christians because it is a great way to learn how to get closer to God, How to fight evil, and also a great way to learn verses to use in many different areas of everyday life."

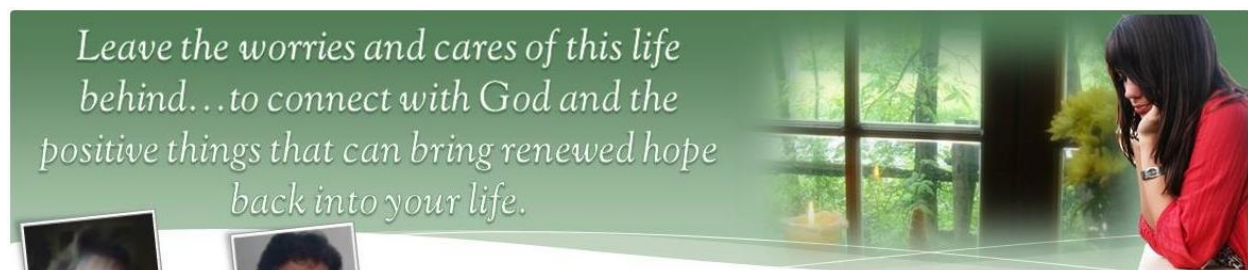

"Mrs. Chamberlain was truly inspired by God while writing this wonderful book! It has blessed me so much, that I cannot begin to put into words. It is so peaceful and shows the wonderful unconditional love that sweet Jesus has for his

children. I could not put it down! This is probably the best book I have ever read! No matter what your situation, these books are for you!! Thank you Jesus and thank You Mrs. Chamberlain for letting our wonderful Jesus work through you!"

"I always look forward to another book by Diane K. Chamberlain. Her work is inspired by God and written from her heart. I am especially looking forward to this series of books because they can be used for your daily devotional time. Her works will encourage everyone that reads her writing. Not only for those of us that are going through difficult times. Also, having these books on my kindle make them available to me anytime I want to be inspired. Thank You Diane for sharing your life and your heart with so many."

"The writing comes from a personal perspective of the author's own experience. They are extremely encouraging giving hope even when an experience seems hopeless, proving that God is the 'God of Hope and comfort'."
